29th Annual SIU SDM Mac McKenzie Prophy Cup Challenge!

On May 3, 2024, we hope you will plan on joining us for an exceptional day of golf in support of a worthwhile cause. Proceeds from the golf tournament this year will continue to support faculty recruitment and retention efforts at the SIU School of Dental Medicine.

A primary focus for the School this year must be to provide greater support for our faculty. One of the School's most significant challenges will be to continue to recruit and retain outstanding faculty in an increasingly competitive environment. Unfortunately, the age of nearly half of our faculty is at or approaching retirement age. To address this challenge, we will need to continue to proactively prepare to meet potential gaps in our faculty workforce and to think creatively about new solutions, with a central focus on faculty recruitment and retention, as well as faculty development. In short, your contribution to the Prophy Cup Challenge this year will help put us in better position to meet this challenge.

Without question, a strong faculty is at the core of our ability to educate our dental students and help them become some of the best practitioners of dentistry in the country. To ensure that our students continue to reach their full potential and are fully prepared for a successful career in the profession of dentistry, we must continue to find innovative ways to attract and retain inspirational faculty members - faculty with the knowledge, skills, and passion to motivate and engage our dental students. Please help us ensure that our tradition of excellence in dental education continues and that our graduates continue to be well-positioned to become regional and national leaders in the field.

We are abundantly grateful for your support of the SIU School of Dental Medicine, our faculty and our students. Thank you for your thoughtful consideration of support for the 29th Annual SIU SDM Prophy cup Challenge Golf Tournament. We hope to see you there!
