

## International Student and Scholar Services

### International Hospitality Program

The International Hospitality Program (IHP) is a great service opportunity in which individuals volunteer as a host family serving as a “family away from home.” The IHP is a friendship program, and host families often invite the student to take part in social or family gatherings. Contact the Office of International Affairs at [intlprog@siue.edu](mailto:intlprog@siue.edu).

### Mentoring

Mentorship of SIUE’s international students has immeasurable value. Many of our students would benefit from practical degree-related tutoring, English language practice and cultural best practices. Contact Asha Mattan at [amattan@siue.edu](mailto:amattan@siue.edu) for more information.

### Faculty Center

Become involved in the work of the Faculty Center through the following: Emeriti faculty may choose to provide one-on-one consultations or coaching sessions for faculty members seeking guidance and support in areas such as instructional design, teaching strategies, assessment methods, classroom management, research projects, or career development. This personalized approach allows faculty to address their specific needs and challenges and learn from experienced and successful emeriti faculty.

Emeriti faculty may also participate in the Faculty Mentoring Program, which pairs experienced faculty mentors with junior or new faculty members to foster a supportive and collaborative environment. Mentors can supply guidance, share expertise, and offer advice on teaching, research, grant writing, and career advancement. Contact Dr. Nicole Klein at [nklein@siue.edu](mailto:nklein@siue.edu) for more information.

### Phi Kappa Phi

Serve as a Phi Kappa Phi Officer. The primary objective of the national Honor Society of Phi Kappa Phi is the recognition and encouragement of superior scholarship in all academic disciplines. Contact the current Phi Kappa Phi President: [siue.edu/pkp/](http://siue.edu/pkp/).
