1. What are your current (and future) 3 main areas of research?

- urban/social geography and housing policy
- urban environmental health
- community engaged scholarship

2. What are the top 3 areas of expertise/tools you are looking for in a research collaborator?

- locally or regionally-based research (any field with any bearing on people and communities)
- success in securing grants
- interest in community engaged scholarship

3. What 3 skills/tools that you have access to, are you willing to share with a potential research collaborator?

- partnership with SIUE's Institute for Urban Research
- connections with people and organizations (non-academic and academic) across region
- great colleagues with exceptional geospatial technology skills
