

## School of Dental Medicine

### DEAD BATTERY \*

Parking Service Agent vehicles are equipped with battery boosters to assist you with a dead battery. In addition, University Police will offer to call a tow truck if needed at your expense.

### FLAT TIRE \*

Parking Service Agent vehicles are equipped with air compressors and lug nut wrenches to assist you with a flat tire. Additionally, University Police will offer to call a tow truck if needed at your expense.

### FUEL

University Police will offer to call a tow truck if you need fuel at your expense. They will also, upon request, place a phone call to a friend or relative who may be able to provide assistance.

### DE-ICING \*

Parking Service Agent vehicles are equipped with de-icer during the winter months to assist you with frozen doors and locks.

### HOW TO REQUEST SERVICES

A Parking Service Agent will be dispatched to your location if an agent is on the Alton Campus. You may contact the University Police at 650-3324 for assistance.

\* NOTE: For a Parking Service Agent to provide services indicated by an asterisk (\*), you will be expected to sign a waiver absolving the University of liability should your vehicle be accidentally damaged.
