1 Funded, 1 Unfunded URCA Assistant

| | | |
|----------|---|---|
| | This position is ONLY open to students who have declared a major in this discipline. | M |
| | This project deals with social justice issues. |  |
| | This project deals with sustainability (green) issues. |  |
| X | This project deals with human health and wellness issues. |  |
| | This project deals with community outreach. |  |
| | This mentor's project is interdisciplinary in nature. | I |

Are you willing to work with students from outside of your discipline? If yes, which other disciplines?

- Only similar fields

How many hours per week will your student(s) be required to work in this position?

(Minimum is 6 hours per week; typical is 9)

- 7 hours

Will it be possible for your student(s) to earn course credit?

- No

Location of research/creative activities:

- AH

Brief description of the nature of the research/creative activity?

This project will examine exit data obtained from graduating students. Its aim is to identify programmatic improvements based on the students' exit survey responses. The literature review and data collection are well underway. The student will learn how to organize data, literature, and how to conduct surveys.

Brief description of student responsibilities?

The student will help continue a literature review and organize literature in a matrix. Additionally, data will be organized and analyzed. The student will look at themes from data collection and identify areas that deviate from survey years.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

The student will learn how to organize data collected from surveys. They will identify current literature that provides valuable information related to the project and organize the literature into a matrix. Once this step is completed, the student will learn the writing parts of a literature review and put together a poster to present findings from the survey and related research.

Requirements of Students

If the position(s) require students to be available at certain times each week (as opposed to them being able to set their own hours) please indicate all required days and times:

- Meeting times with the student can be flexible and in-person or via zoom. The student will need to check in weekly

If the location of the research/creative activities involves off campus work, must students provide their own transportation?

- No off-campus activities will be required.

Must students have taken any prerequisite classes? Please list classes and preferred grades:

- None

Other requirements or notes to applicants:

- None
